PIKES PEAK SINGERS

Here are the details for the Woodland Park Residency Day. We are counting on everyone participating in this important outreach event. We understand school schedules and are counting on you to work with your school leaders so that they understand the importance of this commitment. If for some reason you are not able to miss school that day, the expectation is that you will come to the Residency after school so that we have a complete group for the concert in the evening. Some of you have worked this out already and we appreciate that very much!

March 23-WOODLAND PARK RESIDENCY DAY
